Business Utility Software Products

Accelerate your business with our products ...

PDS Infotech (P) Ltd

An ISO 9001:2015 Company

Established in 2008, the company has rich repository of knowledge base in developing ready to use software products in the area of business applications.

Our product, TDS-MAN with over 65,000 users is the market leader in the taxation domain of preparing TDS Returns. Recently, the cloud based SAAS model of TDS-MAN has also been launched. Cheque-Man, the cheque printing software is another success story with 10,000+ users.

More such statutory compliance software and business productivity utilities are in the pipeline for release.

Our customer driven enthusiastic team is always striving for excellence in product quality and service delivery.

Our Values

- Strive to learn, improve and innovate by closely associating with stakeholders
- Knowledge sharing, feedback from customers and partners helps us grow
- We believe in succeeding together

Market Reach

- Large customer base
- Network of offices and channel partners
- Ever growing digital presence
- All India footprint

TDS Compliance – Cloud Based Enterprise Solution

Conceptually it aims at improving TDS compliance of an Enterprise across all its offices and branches with proper monitoring systems on issues that triggers defaults and penalties. It would help in reducing errors, improve efficiency, save costs and most importantly, comfort at enterprise level.

- ✓ **Branch works independently with multiuser access**
- ✓ **Data on Cloud – anytime, anywhere access**
- ✓ **Auto Reminder & Alerts**
- ✓ **Tools that assist in preparing error-free TDS Returns**
- ✓ **Centralized management & monitor for improved compliance**

**Enterprise Level
Manage, Monitor & Control**

**Multiple Branches / Offices handling
TDS compliances independently**
